# A TRANSNATIONAL INITIATIVE FOR POPULAR MUSIC

## ABOUT US

MULTIPISTES is a network of four organizations anchored in the Greater Region. This is the E.U's largest Euroregion, centered on Luxemburg and spreading over three neighbouring nations, that-is-to-say Grand Est in north-eastern France, Wallonia in southern Belgium and Länder of Saarland and Rheinland-Pfalz in Western Germany.

We have teamed up to scout, support and promote bands and artists from these territories, mainly through our Artist Support Programme including artist residencies, training workshops and live promotion.

We furthermore intend to collect, produce and deliver knowledge about the sector and foster peer-to-peer connections amongst all professionals committed to that transnational level, enabling such an extended network to reach a sustainable level of activity within the field of Popular Music.

## AN ARTIST SUPPORT PROGRAMME : WHAT FOR ?

This programme comprises two years of mentoring, addressing all aspects of a band's or artist's professional life.

The first year of the programme comes with a series of workshops held by specialized professionals as well as counseling musicians and technicians that aim at developing the bands' and artists' know-how and working methods in different situations: rehearsals & live music, creativity & recorded music, business & networking, with a total of 15 days of training and work per year.

During the second year, the bands & artists are encouraged to tackle the live business, during concerts on the partner stages of the Greater Region, in order to reach out to new audiences beyond their home territory.

## WHAT TO EXPECT ?

Don't expect any cash grant but instead, close support and guidance free-of-charge throughout the period. Accommodation and catering expenses are covered.

Your participation in the programme however needs to be validated through a formal partnership agreement. It will feature every relevant aspect of your contractual duties.
